## REPORT

### LIBRARY ORIENTATION SESSION REPORT

A library orientation session was conducted for Second Year students by **Mrs. Rupali S. Sonawane (HOD, Library Department)**. She guided students on library rules, book issuing policies, available physical and digital resources, and proper utilization of library facilities.

She also highlighted the importance of **NPTEL** (National Programme on Technology Enhanced Learning) and encouraged students and faculty to enroll in free online courses through the **SWAYAM platform**, helping them enhance their subject knowledge and skills. The session motivated students to become independent learners and use the library as a valuable academic resource.
