AY: 2026–27 Term- I	Report on Senior Citizen Day & Cyber Security Awareness	ACAD/R/17

Department- BBA

Date- 05/09/2026

Class- Third Year

1. **Program Type:** One Day Event
2. **Program title:** Senior Citizen Day & Session on Cyber Security Awareness
3. **Day & Date:** Wednesday,03/09/2026
4. **Venue:** PCCOER, Jr College Building ,6th floor
5. **Name of the Organizer/ Department:** BBA
6. **Attendees:** 18 Senior Citizens &20 non-teaching working staffs

Morning session:

7. Objectives of the Event:

To celebrate and honor senior citizens for their invaluable contribution to society.

To encourage meaningful interaction between students and senior citizens.

To express gratitude and respect towards elders through a heartfelt felicitation.

To create awareness among students about the importance of caring for and appreciating senior citizens.

To promote **digital awareness among senior citizens** and help them become more confident in using basic digital services and technology.

8. Content & schedule in details:

The **Senior Citizen Day Celebration** was organized by the BBA Department of PCCOER to honor the parents of faculty members and make them feel valued and respected. The event began with a warm welcome, followed by the felicitation of each senior citizen with a thank-you card and a rose as a token of appreciation.

Students introduced themselves and interacted with the guests, creating a friendly and comfortable atmosphere. A **Digital Awareness Session** was also conducted by the students for the senior citizens. During the session, students explained the basic use of smartphones and digital services, including safe and convenient use of digital technology in daily life. The session provided an opportunity for students to share their digital knowledge while helping senior citizens become more comfortable with technology.

Refreshments were served to all the senior citizens, followed by a **guided college campus tour**. Students accompanied the guests and introduced them to various facilities and important areas of the college, providing them with an opportunity to experience the campus environment.

Towards the end of the event, the senior citizens shared their thoughts, experiences, and feedback. They expressed their happiness and appreciation for the students' hospitality, the digital awareness initiative, and the thoughtful efforts taken by the department. The celebration concluded on a joyful note, creating memorable experiences and strengthening bonds between generations.

9. Program outcome achieved:

Senior citizens felt respected, valued, and appreciated through the felicitation and meaningful interaction.

Students developed **communication, interpersonal, and social interaction skills** through their engagement with the senior citizens.

Senior citizens gained **basic awareness and confidence regarding the use of digital technology and services**.

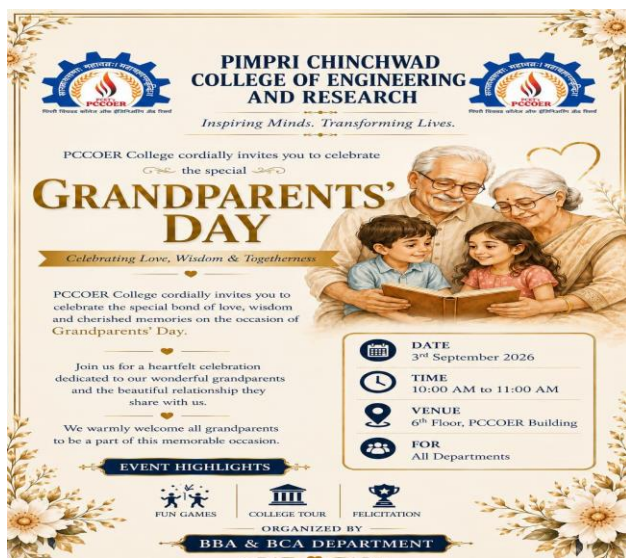

Students developed a sense of **social responsibility and digital responsibility** by sharing their knowledge with senior citizens.

The college campus tour provided senior citizens with an opportunity to become familiar with the college environment and facilities.

The event strengthened the bond between students, faculty members, and their families.

Participants understood the importance of **gratitude, respect, care, and intergenerational support** in society.

Afternoon session:

1. Objectives of the Event:

- To create awareness about cyber security among campus support staff.
- To educate participants about safe digital practices and online fraud prevention.
- To encourage responsible use of mobile phones and digital payment platforms.
- To appreciate the contribution of security guards and cleaning staff through a heartfelt felicitation.

2. Content & schedule in details:

The Cyber Security Awareness Session was organized by the BBA & BCA Department of PCCOER to spread awareness about cyber safety among the campus security guards and cleaning staff. The event began with a warm welcome, followed by the felicitation of the participants as a token of appreciation for their valuable contribution to the college.

Students conducted an interactive awareness session explaining the importance of cyber security and shared simple yet essential safety practices, such as avoiding suspicious links, protecting personal information, creating strong passwords, and staying alert against online scams and fraud. The session was delivered in an easy-to-understand manner to ensure that all participants could relate the information to their daily lives.

Refreshments were served to all the participants, and the event concluded with a vote of thanks. The participants appreciated the initiative and expressed that the session helped them become more aware of safe digital practices.

3. Program outcome achieved:

Participants gained awareness about cyber security and common online threats.

Security guards and cleaning staff learned practical ways to protect their personal information online.

The session promoted safe and responsible digital practices in everyday life.

The event strengthened the bond between students and the campus support staff through appreciation and meaningful interaction.

4. Overall impact of the event

The Senior Citizen Day & Cyber Security Awareness Programme provided students with an opportunity to apply their communication, interpersonal, social, and digital skills in a real-life setting. The programme promoted respect for senior citizens, intergenerational interaction, digital inclusion, cyber safety, and social responsibility.

Through meaningful interaction with senior citizens and campus support staff, students developed a greater understanding of empathy, gratitude, responsible digital behaviour, and community engagement. The programme also created a positive and inclusive environment within the institution.
