REPORT ON GUEST LECTURE

Title: Scholarship for Higher Education abroad & Opportunities

Date & Time: 24 Aug 2025, 5:00 PM

Speaker: Dr. Tushar Vinod Deoras

Participants: Second Year BBA & BCA Students

A special guidance session on “*Scholarship Opportunities for Abroad*” was conducted under the mentorship of **Dr. Tushar Vinod Deoras (Astute Academy)**. The session provided us with valuable insights into the wide range of scholarships available for students aspiring to pursue higher education in foreign universities. Dr. Deoras explained in detail about various prestigious scholarships such as the Fulbright Scholarship (USA), Chevening Scholarship (UK), Erasmus Mundus (Europe), DAAD (Germany), Commonwealth Scholarship, Australia Awards, and MEXT (Japan) along with several country-specific and university-level scholarships. The session also highlighted the eligibility criteria, application processes, and the importance of academic excellence, research aptitude, and extracurricular achievements while applying for these scholarships.

The interactive session not only broadened our awareness about global opportunities but also motivated students to aim higher and prepare strategically for their future academic journey abroad. Students were guided on how to build strong profiles, draft impactful Statements of Purpose (SOPs), and seek proper recommendations to enhance their chances of selection. The session was well-organized with the support of faculty coordinators **Asst. Prof. Harshada Deshpande (BCA)** and **Asst. Prof. Amruta Hingne (BBA)**, who ensured smooth execution and active participation of students. Overall, it was an enriching and informative experience that will greatly benefit students in planning their overseas education.
