<b>A. Y. 2024-25</b>	<b>Guest Session Report - BCA</b>	<b>Term: II</b>

**Date: 15/05/2025**

**Title of the Seminar:** Foundations & Future of Web Development: A Real-world Perspective

**Date:** May 10<sup>th</sup>, 2025, Saturday

**Time:** 2 PM to 5 PM

**Venue:** SPACS Jr. College Lab

**Speakers:** 1. Mr Priyanshu Kukkar (*Information Security Analyst, SAS Research & Development Pvt. Ltd.*)

2. Mr. Neeraj Kulkarni (*Fullstack Engineer at Qualys Techsecurity Private Limited*)

**Organized By:** Department of BCA, PCCOER College.

### Introduction:

The Department of BCA at PCCoER organized an enlightening seminar titled “*Foundations & Future of Web Development: A Real-world Perspective.*” The session was conducted by Mr. Priyanshu Kukkar and Mr. Neeraj Kulkarni, both experienced professionals and enthusiasts in the domain of web technologies. The seminar aimed to provide students with a comprehensive understanding of the current web development landscape along with insights into future trends shaping the industry.

### Seminar Highlights:

- **Core Concepts of Web Development:**  
The session began with a deep dive into the foundations of web development, including HTML, CSS, JavaScript, and how they interconnect to form dynamic and responsive websites.
- **Modern Frameworks & Tools:**  
The speakers introduced students to popular front-end and back-end technologies like React, Angular, Node.js, and Express, discussing their roles in building efficient web applications.
- **Real-world Application & Industry Demands:**  
Through practical examples and live demonstrations, students gained insights into how web applications are developed in real-world settings, including best practices in code structuring, API integration, and deployment.
- **Future Trends in Web Development:**  
The session covered emerging technologies such as Progressive Web Apps (PWAs), serverless architecture, Web3, and the increasing use of AI in enhancing user experience and accessibility.
- **Interactive Q&A and Guidance:**  
The speakers actively engaged with students through an interactive Q&A, addressing queries related to career paths, current industry expectations, and how to build a strong portfolio in web development.

## Conclusion:

The seminar successfully offered a balanced perspective on the technical foundations and future possibilities within the field of web development. Mr. Priyanshu Kukkar and Mr. Neeraj Kulkarni's expertise provided students with a clearer vision of both the present landscape and upcoming innovations. The Department of BCA expressed gratitude to the speakers and looks forward to organizing more such knowledge-sharing events.
