

## **Employability Skills and Professional Development Training:**

### **Dr. Shivaji Chavan**

In charge, Employability Skills and Professional Development Training

Expert having 14 years of experience in training students in Soft Skills, Employability Skills, Language Skills

The Soft Skills Training conducted by PCCOER focuses on elements of Training & Development that require changes in communication, behavior, adaptability and employability skills as expected by the industry. Soft Skills aligning with technical skills of the students, greatly impacts the personality development of Engineering education journey of the student. Being fresher and adapting to the corporate needs is eased by undergoing a rigorous training at PCCOER.

Communication Skills is incorporated in curriculum of first year as a supplementary course, which focuses on enhancing communication skills, employability skills and corporate etiquettes. In addition, regular practice of Group Discussions, Extempore Speech practice sessions, resume building, Mock interview practice sessions are conducted in order to prepare students for the placements as and when needed. Also, regular sessions for improving English communication skills, Professional development, resume building, LSRW skills are conducted. Some of the glimpses of the activities are as follows:

### **Accenture Communication Round Preparation Session**

**Mock Interviews for Accenture**

**Group Discussion Practice Session for Mechanical Engineering Students**
