**Late Shri S. B. Patil**  
Founder Chairman  
Pimpri Chinchwad Education Trust

Hon'ble Late Shri. Shankarrao Bajirao Patil was a founder, chairman of the Pimpri Chinchwad Education Trust constituted in 1990 with a devoted team of trustees.

Shri Shankarrao Bajirao Patil came from a prosperous agriculture family and has thriving achievements in the field of education, social welfare, politics and cooperative activities. He was counted as the most renowned, experienced respectable person and man of fame and honor in the state of Maharashtra for quite a long time. He was minister for Labour, Gramin-Vikas, Co-operation, Dairy development and Finance in Government of Maharashtra. He was also a Member of Parliament twice. He was founder, chairman of number of educational institutes and chairman of sugar factory. Owing to his inert desire and drive, the trust could establish and start Polytechnic and Engineering colleges which have achieved remarkable success in a short period of time and has a dignified place in the minds of people. Social commitment, innovative and visionary approach, creativity and the urge to maintain quality is the secret of this success.

The trust is successfully running may educational institutions starting from a Polytechnic since 1990 with credible reputation & glorious record in academics, sports, cultural & industrial circle.

# Principal Message

It gives me great pleasure to present the Magazine of Pimpri Chinchwad College of Engineering and Research (PCCOE&R). The journey started with a vision to serve the society through value added quality education under the umbrella of Pimpri Chinchwad Education Trust (PCET). PCET has recently completed 25 years and in this 25 years PCET has established itself as a brand in the field of education in Maharashtra. It's a success story of a socially committed management which has a clear vision to work for the society. There are several Institutes under PCET where value added quality education is provided from Nursery to Ph.D.

The philosophy of the institute is to build an environment where the young talent gets transformed to a competent Engineer. The main dimensions of overall development of students, the institute focuses on Academic Excellence, Training & Placement, Research & Innovation attitude commitment to society & the National pride. The institute has already started producing remarkable achievements. In Academics, the University results of PCCOE&R are among the top 5 in almost all departments including F.E. results. This is our first batch in Final Year eligible for placement and large number of students have already got placement in reputed companies like Capgemini, Zensar etc. One of our students has got an International placement at Japan with a package of around 17 lakhs. Research & Innovation environment at PCCOE&R has resulted in filling 150+ patents & registering Copyrights in last two year by faculty as well as students. High level quality workshops are organized by the institute to promote Research innovation among students & faculties.

Our students are participating in National level prestigious events like SAE, BAJA, ROBOCON, and GOKART and other such events. We equally focus on the social commitment & National Pride. Active NSS cell, Art of living & special 15 min Yoga & Pranayam session for students are the efforts in this direction. It's a partnership between the Trust PCET, the Institute, students & parents and as a result of this collaboration there is no doubt that PCCOE&R is going to make a mark at the National level in coming years in the field of technical education.

# VISION MISSION

# QUALITY POLICY

## VISION

To be a Premier institute of technical education & research to serve the need of society and all the stakeholders.

## MISSION

To establish state-of-the-art facilities to create an environment resulting in individuals who are technically sound having professionalism, research and innovative aptitude with high moral and ethical values.

## QUALITY POLICY

We, at PCCOE&R, are committed to:

- + Develop as premier institute of technical education & research as per the needs and expectations of all stake holders.
- + Comply all applicable requirements.
- + Continual improvement in infrastructure and quality management system.

We shall strive to maintain conducive learning environment and student's overall development with high moral and ethical values.

# Department of first Year Engineering

## *Message from the H.O.D*

The goal of the Department of First Year Engineering is to introduce students to the field of engineering by means of introductory courses in electrical, mechanical, civil, electronics and computer engineering. The basic knowledge from various streams of engineering help in developing 'interdisciplinary approach' needed in every walk of life. The department also trains the students in basic sciences of physics and chemistry and techniques of mathematics which are the foundation stones for all the subjects and which give them analytical tools to quantify problems, their solutions and understand, resolve issues in real life. Our team of dedicated faculty constantly strives to impart quality education and develop the engineering skills, knowledge and confidence among the students so as to equip them to flourish in their chosen domains in life. The foundation stones and the building blocks of their professional career are laid here by the team with a zeal and passion which is unparalleled. A disciplinary approach is also employed with respect to close monitoring of the student's academics and self-improvement. This helps the institute track academic performance, analyze and improve it with a great feedback system. The department has well furnished classrooms and laboratories with state of the art instruments as a part of continued focus on infrastructure needs of changing times. The department takes extra efforts and supports the promotion of curricular and co-curricular activities of students which form the basis of overall development of the students.

### **Vision:**

To introduce students to the world of Engineering, inculcate a multidisciplinary approach, establish a sound foundation in technical education, develop research orientation and contribute in character building based on strong ethics and values.

### **Mission:**

- To impart quality education in various streams of engineering and science.
- To ensure students' thorough understanding of the subject matter and to hone their learning with disciplined practices.
- To provide the best environs for nurturing creative minds.
- To inculcate an integrated approach towards learning along with research orientation.
- To provide trainings in the area of mental, spiritual growth, sound health, good conduct and communication for students which shall be based on our values and ethics

It has great, experienced, helpful and very much a guide for life like faculty members.

- (Shreyas Dixit)

AKSHAY RASKAR

AKSHAY RASKAR

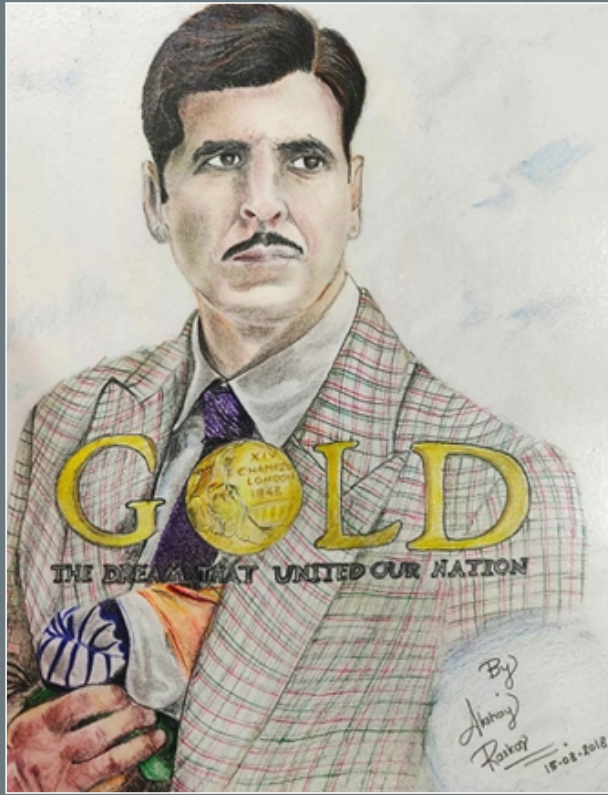

AKSHAY RASKAR

AKSHAY RASKAR

Good college with excellent Faculty and principal supports students for overall development. - (Vaishnavi Patil)

AKSHAY RASKAR

AKSHAY RASKAR

TANVI BHOSALE

TANVI BHOSALE

1. When you enter in your first year attendance is mandatory. Minimum requirement is 80%. The reason behind this is because students bunk very lecture and due to this they get back in first year only. Once u get the back of any subject in first year it's very difficult to get rid of it. So students must attend the lectures.
  2. Faculty of first year is excellent. No where in any college u will get such faculty.
  3. Also there are many activities but less in first year.
- So it's the best college with good placement. (Deadpool B)

# Art and Craft Exhibition

Academics is taken very seriously and this is the best college you can find in pcmc area with the best motivating teachers, learning is fun here!! (Tanmay Dharkar)

# Firodiya Event

# Wall Magazine

PCCOER campus and the management encourage almost all types of extra activities. The college provides good facilities, and they are sufficient to create a good studious environment. All the faculty members are qualified with Master's Degree & PhD. Everyone in this institute are involved in some research projects. Teaching methods are one of the best. Best college for Placements. (Rohit Jawale)

# Ganesh Idol

# Fun Games

PCCOER is giving good quality education to students. Teaching staff is fully enthusiastic and all are giving their best. Excellent college to B.E. degree. Most of the social and cultural activities are done Among all the university colleges, this college performance about study and activities is so good. Discipline and regularity is good. (Sudarshan Devshatwar)

# Fashion Fiesta

*If you want to study in a school like environment ..this will be the best school for you...!(Sudheer)*

# Marathi Bhasha Din

*A very good college & always helping to parents to know the progress of the ward. Good location, good infrastructure facility for study & staff is always in touch with parents. Required more focus for placement of students & arrange study tours in nearby industry for getting awareness to students about the future.(Dilip Sutar)*

# Expression 2019

‘पीसीसीओईआर’च्या वार्षिक स्नेहसंमेलनात विजेत्या संघांना ‘पीसीसीटी’चे विध्वस्त भाईजान काझी यांच्या हस्ते गौरविष्यत आले.

## ‘पीसीसीओईआर’चे स्नेहसंमेलन उत्साहात

**शिंपरी : प्रतिनिधी**

महाविद्यालयीन विद्यार्थ्यांच्या अंगभूत कलाप्रणयाना व्यासपीठ उपलब्ध व्हावे, या उद्देशाने रावेत येथील ‘पीसीसीओईआर’ मध्ये झालेल्या वार्षिक स्नेहसंमेलन एस्टेरेसन २०१९’ कार्यक्रमामात विद्यार्थ्यांनी उत्स्फूर्त सहभाग नोंदविला. प्रा. प्रिया ओषे व प्राचार्य डॉ. हरेश तिवारी यांच्या संयोजनाखाली या सांस्कृतिक कार्यक्रमात समाजप्रबोधन नाटका, कविता, नृत्य, गायन, गायी, सादर केली; तसेच मूला-मूलींनी एकत्रित ‘फॅशन शो’ सादर करून उपस्थितांच्या दृष्ट्या मिळविल्या. महाविद्यालय अंतर्गत घेण्यात आलेल्या बास्केट बॉल, फुटबॉल हॉलीबॉल, ज्युडो

(पीसीसीटी) चे विध्वस्त भाईजान काझी यांच्या हस्ते बचिसे देऊन गौरविष्यत आले.

प्रा. शाम मानकर, प्रा. सोमली कण्णे, प्रा. डॉ. राहुल माधारी, प्रा. डॉ. अर्चना चौगुले, प्रा. डॉ. स्मीर सावरकर, प्रा. मनिषा देशपांडे, प्रा. दीपशिखा श्रीवास्तव तसेच विद्यार्थी प्रतिक खेडेकर, अजित अग्रहम, सुस्मिता पाटील, सुरिषा चक्रवर्ती, जागृती कोकणे, अतिक वैन, ऋषभ जैन, अतुल यादव यांनी संयोजनत सहभाग घेतला. ‘पीसीसीटी’चे अध्यक्ष ज्ञानेश्वर लांडगे, उपाध्यक्षा पद्मादाई भोसले, व्ही.एस. काळभोर, शांताराम गरडे, विध्वस्त व माजीमंत्री हर्षबर्धन पाटील, भाईजान काझी, डॉ.

The college gives more attention on academics. Faculty members are well qualified. The facilities available here are quite good. Coming to the academics, here more focus is on it which is an advantage in a way. But, more activities and extras must be given an attention which will also be beneficial. (Srushti Joshi)

# Gadkari Karandak

# Antakshari

The best engineering college which provides quality education as well as good placements. Professors and other staff are very coordinative and supportive. Quality of education is properly maintained. This college provides you the platform for various activities which helps to shape your bright future.(Gayatri Kulkarni)

**Dr. Sameer Sawarkar**

## *Message from the H. O. D.*

Civil Engineering has to do with Civilization! With Civilization has developed Civil Engineering and with Civil Engineering has prospered Civilization! It is easily the oldest branch of Engineering. When the first human form thought of taking refuge in a cave, Civil Engineering was born. Every man-made structure in this world is conceived, designed, constructed and maintained by Civil Engineers. A Civil Engineer is this Vishwakarma of the modern world!

Civil Engineering is very versatile and diversified. It has many sub-disciplines such as; Structural Engineering, Water Resources Engineering, Environmental Engineering, Transportation Engineering, Foundation Engineering, Earthquake Engineering, Construction Engineering, Project Management etc. Civil Engineers could be entrepreneurs, offering consultancy to projects on varied scales. Civil Engineers could seek employment in Government, Semi-government and Private sectors, contributing to the growth of the nation with their skills and services. The Civil Engineering Department at PCCOER has experienced dynamic and dedicated faculty and state-of-the-art laboratories. We nurture our students with strong scientific and technical know-how and impart critical thinking skills on which are founded their careers or higher studies. We endeavor to inculcate in our students, professional attitude, ethical values, creativity, leadership, innovative thinking, effective communication, team work, multidisciplinary approach and social awareness. The Department is committed to fostering a stimulating and intellectual environment in which both faculty and students excel in their professions.

### **Vision:**

To be the spearhead of Civil Engineering Education, imparting exhaustive know-how to create proficient and accomplished global technocrats.

### **Mission:**

- To upgrade continuously and be ever resourceful to disseminate contemporary knowledge.
- To inculcate the zeal for research and innovation.
- To develop state-of-art laboratories and advanced computational facilities to improve the quality of education and research.
- To enforce rigorous appraisals so as to identify strengths and key competencies.
- To enhance industry interaction to develop competent entrepreneurs and employable professionals.
- To cultivate ethics, social awareness, soft-skills and appreciation for cultural diversity to evolve a truly global community.

---

*Very good college for education.. Lectures are compulsory.. Well knowledge teacher 's. Equipment are available for all practicals..cultural activities are also there for students'.. Best college for placement and job opportunities are available for students (Sony Shete)*

मसमर्थांचे आनंदवनभुवनः काव्य-स्वप्न सत्य की सद्भावना'

टाकळी येथे बारा वर्षे खडतर साधना - उपासनेने श्रीरामरायाला प्रसन्न करून घेतल्यावर समर्थ रामदास तीर्थाटनास निघाले. या भ्रमणाच्या निमित्ताने त्यांनी अनेक शास्त्रे व विद्या आत्मसात केल्या. विविध प्रांतांतील समाजरचना, व्यवहार, विनिमय, आचरण, श्रद्धाश्रद्धा यांचे सूक्ष्म निरीक्षण केले. अर्थात या भ्रमणकाळात अखंड साधना व तपाचरणाने त्यांची आध्यात्मिक उन्नती होतच गेली हे वेगळे सांगणे नलगे !

सरतेशेवटी समर्थांचे आगमन महाक्षेत्र तीर्थराज काशी येथे झाले. प्रत्येक योग्यास काशीस जाण्याची आंतरिक ओढ असते. काशीक्षेत्री पोहोचून, तेथील देवतांचे दर्शन घेऊन, 'जाडुवीतोयं' प्राशन करून, समर्थांना उन्मनी अवस्था प्राप्त झाली. अहो, आपल्यासारख्या सर्वसामान्य व्यक्तींनाही इष्टदेवतेची मूर्ती पाहिल्यावर किती प्रसन्न वाटतं, तर समर्थासारख्या योगेश्वराची तेथे काय स्थिती झाली असेल बरं !

परंतु त्यांच्या या सुखानंदाला विषण्णतेची किनार होती. भारत-भ्रमणात अनुभवलेल्या समाजाच्या हलाखीने त्यांचे संत-हृदय कळवळले होते, तर धर्माच्या अवनतीने समर्थ-हृदय प्रक्षोभित झाले होते. म्लेंच्छांचे क्रूर आक्रमण, त्यांनी मांडलेला अनन्वित छळ, त्यांचा बळात्कारी धर्मप्रसार, हत्या, स्त्रियांवरील अत्याचार, समाजातून हरपलेले पौरुष, देवधर्मावरील उडालेला विश्वास व मानगुटीवर बसलेल्या अंधश्रद्धा !

इहलोकीच यमयातना भोगत असलेल्या समाजास संकटातून सोडवण्यासाठी समर्थांनी काशीविश्वेश्वराला साकडं घातलं. तो महादेव काहीच प्रतिसाद देत नाही हे पाहून अत्यंत भ्रमनस्क अवस्थेत धर्मशाळा गाठली व मनाची तळमळ तळमळ होत असतानाच देह निद्रेच्या स्वाधीन केला.

मात्र एक चमत्कार घडला! महादेवाने समर्थांना दृष्टतं दिला. त्या रात्री स्वप्नांत त्यांनी एक अभूतपूर्व दृश्य पाहिले. सशक्त, समर्थ आणि ओजस्वी अशी एक फौज, घोड्यांवर मांडा ठोकून, तलवारी - भाले - बर्चा - दांडपट्टे परजीत, दरी-खोऱ्यांतून हलकल्लोळ करित म्लेंच्छांवर तुटून पडत आहे. या सैन्याने गाजवलेला पराक्रम तर केवळ ' न भूतो न

All faculty members are supportive. If academics and placement are your priorities then this the good college for you. It has the best team of faculty and best placement training team.(Saurabh Rakshe)

भविष्यति' असाच ! पराक्रमपुरुषाचे जणू विश्वरूप-दर्शन ! मोठा म्लेंच्छ संहार घडतो आहे, भयभीत होऊन शत्रू पळ काढतो आहे, देशोधडीला लागला आहे ! तोफा-बंदुका धडाडत आहेत, रणवाद्ये झडत आहेत, वडवानल दुष्प्रवृत्तीचा ग्रास घेत आहे ! ते तेज आणि तो हलकल्लोळ अगदी असह्य ठरत आहे ! त्या फौजेच्या अग्रभागी आहे जिरेटोप घातलेला, दिव्यास्त्र धारण केलेला, धारदार नाक व पाणीदार डोळे असलेला एक देखणा वीरोत्तम ! या नायकाचा आणि त्या शिपायांचा तोंडवळा तर चिरपरिचित वाटतो, अगदी आपल्याच मुलुखातला !

आणि काय आश्चर्य ! ते मानवी सैन्य लुप्त होऊन त्याजागी स्वर्गीची देवसेना दिसू लागली. त्या महानायकाच्या जागी श्रीगणेश व त्यापाठी श्रीराम व श्रीशिव दिसू लागले. त्याची शक्ती म्हणजे साक्षात आदिमाया रणचंडी, या सैन्याबरोबर दैत्यांच्या निर्दालनास निघालेली दिसली.

दाही दिशांतून अवतीर्ण होणारी हि दिव्य सेना दैत्यांवर तुटून पडली. दैत्यांचा पाडाव झाला ! धर्माचा, नीतीचा उदय झाला, भग्न मंदिरांचा, भग्न श्रद्धांचा जीर्णोद्धार झाला, यथाविधी स्नानसंध्या, पूजाअर्चा, यज्ञजपयाग घडू लागले ! देवालये वैभव पावली, कला - क्रीडा - विद्या विकास पावली, रामराज्य आले !

हर्षभरित अवस्थेत समर्थ जागे झाले ! त्यांची खात्री पटली की इतिहासाची पुनरावृत्ती होणार ! 'सम्भवामि युगे युगे' हे आपले वचन तो विश्वात्मा राखणार ! एकेकाळी असुरांचा विध्वंस झाला तसा म्लेंच्छ-दैत्यांचा विध्वंस होणार, धर्माचे रक्षण होणार ! विश्वेश्वर पाठीशी असल्याचा प्रत्यय आला . तद्गतच आपले कार्य देशांतर्गत कोठे आरंभावयाचे याचे निर्देश मिळाले.

प्रसन्न मनाने पहाटे पहाटेच समर्थ गंगेच्या किनारी आले. प्रत्यक्ष श्रीरामाच्या सगुण दर्शनाने वाटलेल्या तृतीचा त्यांना पुनःप्रत्यय येत होता. भ्रमणकाळात ठिकठिकाणच्या अनेक देवतांचे त्यांनी दर्शन घेतले होते, त्यांना 'त्राहि' म्हणून साद दिली होती, विनविले होते ! परंतु प्रथमच असा कौल मिळाला तो श्रीक्षेत्र काशी येथे ! 'धीर धर, मी ही अवतार घेतला आहे' असा दिलासा मिळाला.

समर्थाची तळमळ कमी झाली. आता हे शुभवर्तमान सर्वापर्यंत पोहोचवून त्यांस धीर देण्याची आस लागून राहिली. आपला दृष्टंत सर्वास सांगून, त्यांना मनोमन धार्ष्ट्य प्राप्त व्हावे या हेतूने समर्थांनी या महाकाव्याची निर्मिती केली. परंतु या दृष्टंतावर जनांचा खरंच विश्वास बसावा कसा ? म्हणून समर्थांनी मोठ्या चातुर्याने सर्वांच्या मनातील काशीक्षेत्राविषयी असलेल्या 'स्थानमहात्म्या'चा आधार घेतला. काशीलाच 'आनंदवनभुवन' अशी संज्ञा योजून प्रथम त्यांनी तिचा महिमा वर्णन केला ;

जन्म दुःखे जरा दुःखे । नित्य दुःखे पुनःपुन्हा ।  
संसार त्यागणे, जाणे । आनंदवनभुवना ॥

'स्वतःस व पूर्वजांस मोक्ष मिळवून देण्यासाठी मनुष्याने आयुष्यात एकदा तरी प्रपंचाचे ओझे त्यागून, संपूर्ण निष्काम मनाने काशीक्षेत्री आले पाहिजे' ह्या जनमानसातील प्रचलित श्रद्धेचीच उजळणी समर्थ पहिल्या सहा ओव्यांमध्ये करतात. अप्रत्यक्षरीत्या असे सांगतात की अशा मंगल भूमीवर मला दृष्टंत झाला आहे, तेव्हा ते स्वप्न सत्यात उतरणारच ! जनहो, थोडा धीर ठेवा, हिम्मत ठेवा, रामराज्य, शिवराज्य निश्चित येणार ! त्यानंतर पत्रास ओव्यांमध्ये, स्वप्नांत पाहिलेल्या प्रलयकारी युद्धाचे अतिशय प्रत्ययकारी वर्णन करतात. जवळजवळ प्रत्येकच ओवीच्या शेवटी येणारी 'आनंदवनभुवनी' हि शब्दरचना, केवळ काव्यात्मक परिणाम साधण्यासाठी नसून, त्याद्वारे समर्थ पुनःपुन्हा ठसवीत आहेत कि हा दृष्टंत मला काशी येथे झाला आहे.

हा झाला 'आनंदवनभुवनी' या महाकाव्याचा ऐतिहासिक वा कालसापेक्ष वेध घेण्याचा प्रयत्न. श्रीसमर्थासारख्या दिव्य, कालातीत प्रतिभाशाली कवीला एवढा एकच अर्थ यातून अभिप्रेत असेल होय ? त्यांच्या 'सत्राणे उज्जणे, हुंकार वदनि' या मारुतीच्या आरतीमध्ये कुंडलिनी जागृतीच्या सर्व अवस्था टप्प्याटप्प्याने वर्णिलेल्या आहेत असे विचारांती दिसून येते. तद्गतच प्रस्तुत काव्याचा एक गूढ व कालनिरपेक्ष अर्थ मांडणे शक्य होईल.

पारमार्थिकदृष्ट्या पाहू जाता 'आनंदवनभुवन' म्हणजे अनुसंधानाची परमावस्था होय. श्रीकृष्णाने सांगितलेले 'यद्गत्वा न निवर्तन्ते तद्धाम परमं मम' म्हणजेच श्रीसमर्थांचे 'आनंदवनभुवन' ! प्रपंचातील उपाधी, षड्विपू, अहंभाव, विषयासक्ती यातच अडकून, मनुष्य जन्म-मरणाचे फेरे घेतच राहतो व जन्मानुजन्म दुःख भोगत राहतो. अत्यंत दुर्लभ अशा या मनुष्यजन्माचे सार्थक करण्यासाठी श्रीरामरायाला शरण जाण्यासारखा सोपा आणि रोकडा मार्ग दुसरा नाही ! समर्थ रामदास सामान्य जनांची कळकळीने विनवणी करतात की बाबांनो एकदा, फक्त एकदाच ती देहभावना टाकून, अनन्यभावाने श्रीरामाची भक्ती करून, अनिर्वचनीय शांतीचा, सच्चिदानंदाचा लाभ करून घ्या ! पहिल्या सहा ओव्यांमध्ये हाच भाव आहे.

मग आता त्याची पुढील पत्रास ओव्यांमधील युद्धाच्या वर्णनाशी सुसंगती कशी लावायची ? तर सर्वसामान्य मनुष्य सदुपदेश ऐकून खरोखरच साधना करू लागल्यावर हळूहळू अंतर्मुख होतो आणि आपल्याच मनातील संघर्ष त्यास दिसू लागतो. मनातील दैत्य म्हणजे वारंवार उठणारे विकार आणि त्यांचा नाश करणाऱ्या देवदेवता म्हणजेच साधना व विवेक ! तर हे युद्ध आहे परमार्थाची गोडी निर्माण झालेल्या साधकाच्या मनातील ! आणि खरोखरच विवेकबुद्धीचा जोवर विजय होत नाही आणि विषयांचे संपूर्ण दमन होत नाही, तोवर हा संघर्ष अतिशय तुंबळ आणि असह्य असतो. पण साधकाच्या साधनेला हाक देऊन सदुरू व ईश्वर धावून येतात आणि त्यास 'आनंदवनभुवन' प्राप्त होते !

पुन्हा महत्त्वाचे हे की साधकाने प्रगतीच्या मार्गावर असताना थोडीफार प्रचिती येताच आपल्या मनात अहंकाराचा प्रवेश होऊ देता कामा नये ! म्हणून शेवटच्या तीन ओव्यांमध्ये समर्थ साधकाला सावध करतात की 'स्मरले लिहिले आहे । बोलता चालता हरी ।'

तेव्हा असा निष्कर्ष काढावयास हरकत नाही कि 'आनंदवनभुवन' हे समर्थांना झालेल्या दृष्टंताचेही वर्णन आहे व आध्यात्मिक प्रबोधनासाठी त्यांनी योजलेले एक रूपकही आहे. शेवटी पिंडी - ते - ब्रह्मांडी, तेच ते एकच सूत्र आहे. जो संघर्ष जनांत आहे, तोच मनातही आहे.

॥ जय जय रघुवीर समर्थ ॥

## आयुष्य

आयुष्य एक कोड आहे,  
जमतीदार..समोर उभ्या ठाकलेल्या  
वादळाच्या उन्मादाने  
जरी घाबरून जात नसलं  
तरी, वाऱ्याची मंद झुळूक  
मन हेलावून जाते

पाणी लयीत वाहत असल  
तरी त्याची व्यापकता  
अंतरीची खोली उरवते  
उंच उभ्या झाडांची ताकद  
न दिसणाऱ्या मुळ्यात असते  
पहाटेच्या किरणांची ऊब  
वा रात्रीच्या ताऱ्यांचा वर्षाव  
उर्जेचा स्रोतही असतो  
अनब वर्तमानाची व्यथाही

शेवटी दगडाच्या देशाला  
मातीच बांधून ठेवते..  
आणि शेवटी तो  
कातर क्षण अवतरला  
अस्वस्थ हुंदके गिळत  
प्रत्येक जण सावरत होता स्वतः ला

अलगद उमेदीची पिढे  
मनात वरदळ करत होती  
उनाडपणे गिरवलेली चित्र  
नात्यांच्या रंगात रंगत होती  
होस्टेल मध्ये ठेवलेले

पहिला पाऊल, आईचे भरलेले डोळे  
आणि आपुलकीने पुढे केलेला मैत्री चा हात  
सगळ काही नवखं, स्वप्नच जणू

हळुहळू मैत्री फुलत गेली  
मन जुळत गेली  
विश्वास रुजत गेला  
होस्टेलच्या खोल्यांना  
घरपण देत राहिला  
सोबत बसून खाझेला तो चिवडा  
आणि त्या सोबत रंगलेली चिडवाचिडवी  
परिक्षेआधी केलेला ग्रुप स्टडी  
अनब उत्तरांची उडवाउडवी  
उत्साह तर आमच्यात  
ठासून भरलेला  
होस्टेलभर केलेला दंगा  
मेमेसवरून, लाईट साठी  
प्रिसीपॉलशी घेतलेला पंगा  
उचापत्या आमच्या अद्भूत असायच्या  
मस्तीत कधी कमी नाही पडलो  
खळखळून हसलो  
मनभरून रडलो

स्पेशल तर आमच्या रेक्टर मॅडम  
नियम, शिस्त आणि जिव्हाळ्याची  
सांगड घालत होत्या  
वॉचमन मामा, मावशी  
मायेची हाक देत

आपुलकी जपत होत्या

टपरीवरचा चहा वडापाव  
मेसच्या बेचव जेवणाला  
लज्जत घायचे  
हसता खेळता दिवस सरायचे

रात्री उशिरापर्यंत मारलेल्या गप्पा  
मन मोकळं करायची हक्काची जागा  
क्षणभर भांडणारी तोंड  
मनभर प्रेम करणारे हृदय  
सगळ काही मुबलक भेटत  
आमच्या इथे

सुंदर अश्या फोटोंनी  
भरलेली गॅलरी  
सगळकाही बोलते  
छोट्या छोट्या क्षणांनीच  
तर आयुष्य सजते

दोन वर्षे सरसर सरून गेली  
मिठता मिटतमिटत डोळ्यांचा  
पाझर फोडून गेली  
आयुष्यात आजवर  
खूप काही अनुभवलय  
पण या होस्टेललाईफने  
जगायला शिकवलय..

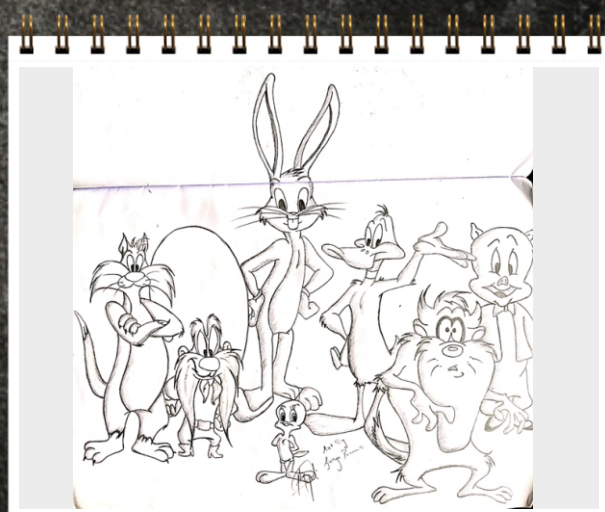

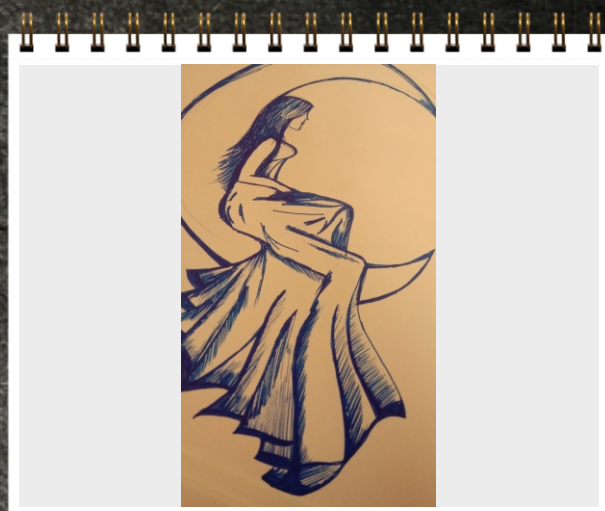

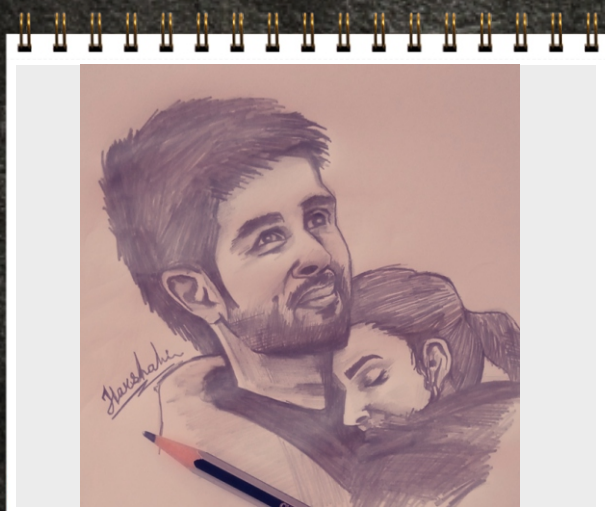

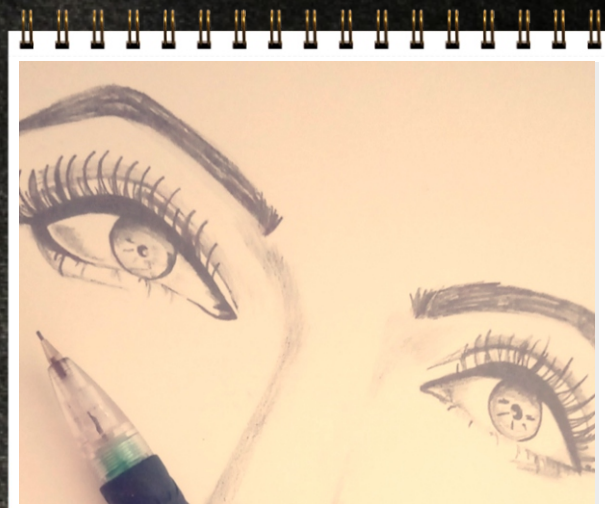

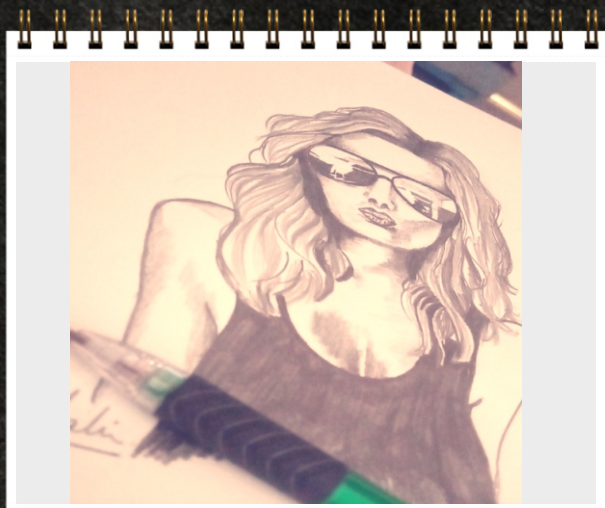

**Sayali Pawar**  
(BE Civil)

PCCOER is a good engineering college. Lectures are conducting well. But some instruments are not available management will make it available as early as possible, as this college opened a few years ago.

Thinking about placement it is one of the best college. If you are interested in soft branches you can think about PCCOER as there are more possibility of getting selected in multinational company.(Sneha Birajdar)

# SKETCHES

SKETCHES BY HARSHALI BAGUL (TE CIVIL) & AJINKYA PURANIK (BE CIVIL)

If academics and placement are your priorities then this is the good college for a candidate. All the faculty members are very supportive. It has one of the best training and placement team (Aditya Khairnar)

# Department of Civil Engineering

**About the Department:** Civil Engineering has to do with Civilization! With Civilization has developed Civil Engineering and with Civil Engineering has prospered Civilization! It is easily the oldest branch of Engineering. When the first human form thought of taking refuge in a cave, Civil Engineering was borne. Every man-made structure in this world is conceived, designed, constructed and maintained by Civil Engineers. A Civil Engineer is thus the Vishwakarma of the modern world!

Civil Engineering is very versatile and diversified. It has many sub-disciplines such as; Structural Engineering, Water Resources Engineering, Environmental Engineering, Transportation Engineering, Foundation Engineering, Earthquake Engineering, Construction Engineering, Project Management etc. Civil Engineers could be entrepreneurs, offering consultancy to projects on varied scales. Civil Engineers could seek employment in Government, Semi-government and Private sectors, contributing to the growth of nation with their skills and services.

Civil Engineering Department at PCCOER has experienced, dynamic and dedicated faculty and state-of-art laboratories. We nurture our students with strong scientific and technical know-how and impart critical thinking skills on which, are founded their careers or higher studies. We endeavor to inculcate in our students, professional attitude, ethical values, creativity, leadership, innovative thinking, effective communication, team work, multidisciplinary approach and social awareness. The Department is committed to fostering a stimulating and intellectual environment in which both faculty and students excel in their professions.

## Expert Lecture on “Introduction of various types of filters, under drainage system and design of Filters”

This lecture was arranged for TE Civil engineering Students on 23rd March 2019. Dr. Ashok B More Head of Dept. Dr. DY Patil College of Engg, Akurdi was the speaker for the lecture Aim of the lecture was to provide the knowledge of filtration units and under drainage systems to the students. The talk was indeed very interesting and motivated students to question and learn

Felicitating Dr. Ashok B More by Dr. Sameer Sawarkar

Site visit photo "Twin Tower"

## Site Visit to “Sonigara Homes Twin Tower”

The visit was arranged on 21<sup>st</sup> February 2019 Under the subject of Structural Design-II the students of TE Civil went to Sonigara Homes at Twin Tower site located at Ravet Pune .

The main aim behind this site visit was to see how the reinforcement in the slab, columns and beams is provided. Students observed Bent up bars provided in slab, anchor bars and the main reinforcement provided in beam. The Visit helped in improving the knowledge and getting the practical approach to designing of slab, beams and columns.

## One Day workshop on “Artificial Neural Networks in Civil Engineering”

One day workshop was arranged on 22<sup>nd</sup> February 2019. Dr. Shreenivas Londhe Dr. Pradnya Dixit Professor at VIIT conducted this workshop.

The objective of the workshop was to get knowledge of neural networks, which are the systems that solve complex problems for which there does not exist sequential algorithms. Over the years in all areas of Civil Engineering were undertaken specific researches addressing various problems using artificial neural networks with varying degrees of success.

Dr. Shreenivas Londhe delivering lecture on "Importance of Neural Network"

Dr. Sameer Sawarkar, HoD addressing the parents.

## Parents Teacher Meeting

A Parent Teacher meeting was held on 4<sup>th</sup> March to have an interaction among the Faculty and Parents regarding the Academic Progress of their ward. Parents participated and attended the event very diligently.

## Site Visit to “Chaskaman Dam” at Khed Pune

BE Civil Students of civil engineering department visited "Chaskaman Dam" on 25th March 2019.

Under the subject of Dams & Hydraulic Structures the students of BE Civil went to Chaskaman Dam located at Khed, Pune.

The main aim behind this field visit was to get familiarized with the experience of field work and to get practical knowledge of routing of canal, directing water through dams and distribution of water. Students of civil Engineering got good idea of dams and canals and their purposes

Site visit photo "Chaskaman Dam"

Visit to Water Treatment Plant

## Site Visit to “Water Treatment Plant” at Akurdi Pune

Students of TE from civil engineering department visited "Water Treatment Plant" at Akurdi on 08th April 2019

Under the subject of Environmental Engineering- I the students of TE Civil went to "Water Treatment Plant" located at Akurdi Pune.

The main aim behind this field visit to a water treatment plant was to learn about practical applications of science and engineering, to inspire future career paths; to understand the amount of cost and effort that goes into preparing that water so that they don't waste it by leaving the tap running unnecessarily; and to understand the impact that pollution and other human actions can have to the water treatment process more difficult, so that they might endeavor to stop those actions if they're ever in a position to do so.

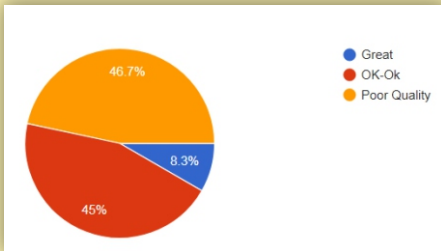

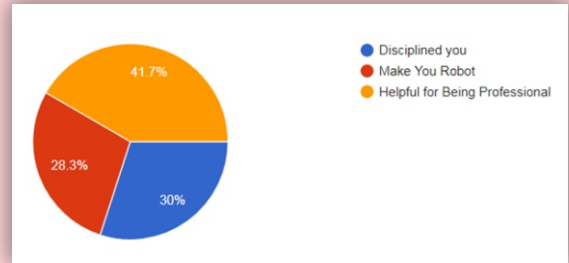

*All faculty is very supportive. College is not about law , campus , but it is good for placements. College has all facilities... about practicles. Special training for girls about self defence are carried out. (Harshali Bagul)*

# Dept of Computer Engineering

ନବର ଓଲ ଫାଉଣ୍ଡେସନ ଉଦ୍ଦିଷ୍ଟ

## *Message from the H.O.D.*

The department is committed towards imparting quality education and developing future technocrats in the stream of computers. It is focused towards its mission of facilitating students' progress by providing a strong foundation in fundamental concepts as well as inculcating core values of professionalism and ethics. The Department is pillared by the qualified and experienced faculty; and backed by the student centered teaching learning processes. The department presents them with plenty of opportunities for applying their acquired knowledge and critical thinking skills thus striving to bridge the theory practice divide.

I attribute the phenomenal growth of the department to the winning combination of dedicated and experienced faculty, brilliant students and strong administrative support from the institute.

### **Vision:**

To strive for excellence in the field of Computer Engineering and Research through Creative Problem Solving related to societal needs

### **Mission:**

- Establish strong fundamentals, domain knowledge and skills among the students with analytical thinking, conceptual knowledge, social awareness and expertise in the latest tools & technologies to serve industrial demands
- Establish leadership skills, team spirit and high ethical values among the students to serve industrial demands and societal needs
- Guide students towards Research and Development, and a willingness to learn by connecting themselves to the global society

# आठवणा

डोळ्यासमोर आलेला काळोख तुझी  
आठवण देतोय मला  
पावसासारख वाट पाहतोय तुझी फक्त  
दिलासाच मिळतोय मला  
सहन नाही होत दुरावा तुझा कधी  
भेटशील तू मला  
या कोरड्या पडलेल्या जीवाला  
भिजवून देशील का ग गारवा  
वाळवंटात पाणी शोधल्यासारखं  
शोधतोय मी तुला  
माझ्या हृदयाच्या आठवणी मध्ये  
जाणवतोय मी तुला  
होताच जायचं सोडून तर रामावल का  
मला  
दुष्काळच करायचा होता तर पाऊस  
पडलाच कशाला

**Kailas Kendre**

*Good in discipline*

*Various external activities are performed related to the CLG curriculum and other etc Placement are available for various branches  
(Nishant Gavhane)*

# THE STRUGGLE GOES

All the struggle goes in vain  
All those efforts, washed away by rain  
Towards the crowd, I try hard to run, yet,  
I'm all alone, all again

With all my thoughts, I wish to play  
And all the things I've got to say  
Left unheard by you, turn out meaningless  
Yet, I cling on to Hopes and positive rays

I wish to speak out loud, in my own voice  
I'm made to absorb melody, in all this  
noise  
But, you silence me when I play the rhythm  
Didn't know your own mind you've poised

I paint my world with the words I write  
I fill them with emotions and a Bright light  
But you tear them off, 'n' they fade to  
nothing in your eyes  
I realize, I've got long way to walk  
I realize, I've got this huge battle to fight

Like a warrior, all the scars I earn  
I'm Brave enough ,to feel them burn  
I've set my focus, I'm filled with power  
All the pain into Beauty I turn

**Snehal Patil**

# आठवण

सारखं सारखं तुझाच विचार  
करत बसावस वाटतं  
रात्री झोपल्या नंतरही स्वप्नांत  
फक्त तुच याव अस वाटतं

माहीत नाही मी क्षण क्षण तुझाच  
विचार का करत असतो  
आणब कण कण तुझ्याच साठी  
का झुरत असतो  
तुला समोर पाहिल्यावर मनाला  
एकदम प्रसन्न झाल्या सारख वाटतं  
आणि चुकून आपली नजरेंला  
नेर मिळाल्यावर सगळं जगं  
जिंकल्या सारखं वाटते

असच एके दिवशी तू माझी व्हावी  
अस मनाला खुप वाटतं  
मग लक्षात येत की आपल्यात  
कीती मोठा दुरावा आहे आणि  
इथेच तर माझ स्वप्नं फाटत

पण मला विश्वास आहे  
की एके दिवशी  
तु होशील माझी  
कारण मी ही स्वप्ने  
पाहिलीयेत  
रात्री च्या जागेपणी

..... प्रताप आनंदराव जाधव .(इए)

*One of the best Engineering college I have ever seen.  
Academics - No excuse,  
TnP - No challenge all over Pune,  
Research & Innovation - Highest Patents and Highest Copyrights all over Maharashtra,  
Extra Curricular Activities - Extraordinary,(Prof. Deepak Biradar)*

# मतदार राजा

राजकारण म्हणजे नक्की काय असतं,  
नेत्यांनी काम झाल्यावर एकज  
यायचें  
अणब कार्यकर्त्यांनी मी या पक्षाचा,  
मी त्या पक्षाचा म्हणून भांडत रहायचें

योग्य माणूस निवडण हा  
आहे माझा अधिकार  
कारण मलाही माझ्या समाज्याची  
स्वप्ने करायची आहेत साकार

हजारच्या नोटेसाठी आपण  
आपल सर्वस्व त्यागतो  
अणब मग पाच वर्ष  
आपल आपणच भोगतो

अरे गाढवाची किंमत गेलिये  
दहा हजारच्या घरात  
अणब माणसाची किंमत आलिये  
फक्त एक हजारच्या घरात

पण आता हजार पाचशेत  
विकला जाणार नाही मी  
कारण गाढवा पैक्षा  
माझ्यात काय आहे कमी

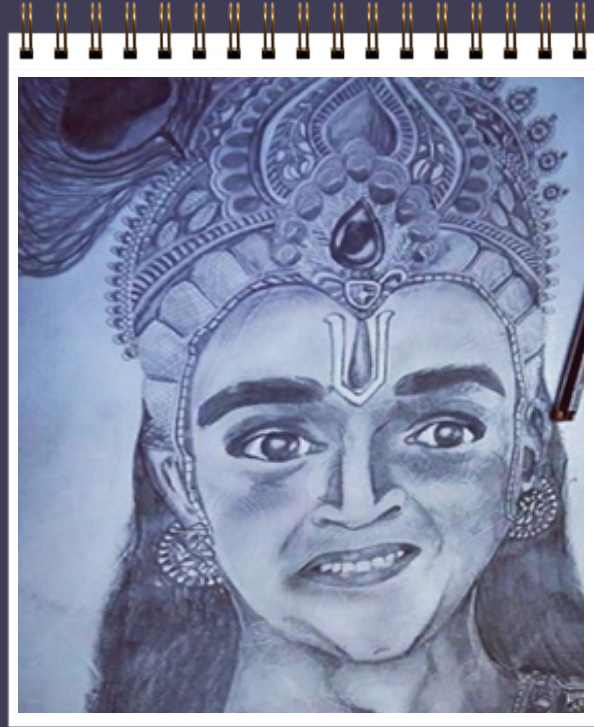

.....प्रताप आनंदराव जाधव

# Appreciate Your

# Imperfection

In this world where people appreciate the perfect things ,I would say appreciate your imperfections that's where the real you lies .We tend to follow someone else's path in order to succeed in life , but what is the point in doing that .Do what you actually feel like doing ,you are capable of doing it alone.

As we grow up we are told the good things and bad things but we are hardly told the point that there is good in bad in good as well and that's what life is all about .At times, we tend to do things which make us perfect and while doing that we lose our uniqueness .But our greatest strength lies in those imperfections.

Believe in your dreams and work for them and always remember that you had those dreams because you are capable enough to achieve it .In this highly competitive world where we believe in the theory of 'Survival Of The Fittest', I would say compete with yourself. Make yourself the best version of what you can be because the world needs more of that.

**Khushbu Kawale**

# SIMPLY GENIUS

He was the man with infinite imagination. He was the man praised by 'Albert Einstein'. Einstein said, "As an eminent pioneer in the realm of high frequency currents... I congratulate you on the great successes of your life's work". He was a major figure in the world in which he lived. As the nineteenth century gave way to the twentieth, it was him who would contribute to some of the world's most amazing inventions. I am speaking about the man who not only invented 'alternating current', 'alternating current motor' but also the 'polyphase alternating current' and even the 'induction motor'. I am talking about the man who invented 'Tesla's arc'. Can you guess it now? Yes, I am speaking about 'NIKOLA TESLA'.

He was just an average student when he was in school. Later he chose to pursue his career in the subjects which he liked the most. He studied for hours even after his college routine and topped his university later, which was abandoned by him. He never used to speak much but he was never afraid of putting forward his thoughts and ideas.

He studied some subjects deeply and he sent some research papers to 'Thomas Alva Edison' who was very impressed with that work. Edison offered him for apprenticeship which was undoubtedly, accepted by Tesla. Tesla worked for a while with Edison when Edison was building a direct current motor. Later due to some reasons Tesla left 'Machine Works' that was owned by Edison. Those reasons are famous under a catchy title 'War of Currents'.

Tesla then invented 'Alternating current, induction motor, tesla's arc, rotating magnetic field, remote controlled vehicle(torpedo)', he performed many experiments on high frequency transmission and has invented many more things. He has about 300 patents filed on his name across the globe. He was a kind person and was born with brilliant mind which he nourished by putting in lots of effort. He said, "The present is theirs; the future, for which I really worked, is mine."

He had put forth the idea of cell phone many years ago when transmission of sound had just become possible due to Alexander Graham Bell's efforts. At that time Tesla was talking about sending images and documents and videos over the air. He was laughed upon for his this statement but he never stopped imagining and never gave up working. Tesla was working even until his last breath. More than his work, those were his qualities of being persistent, doing the hard work, reading and most importantly being imaginative that must be appreciated and inculcated within us. His story inspires us to do what we love and to do it with immense passion. He is an inspiration to me. Is he a new inspiration for you?

## *Message from the H.O.D.*

The Department of Mechanical Engineering has modern and well-equipped laboratories for practical training to its students. All the faculty members are duly qualified and experienced. We are committed to the pursuit of excellence. It is our goal to address the varying needs of our young students academically, socially, emotionally and by doing so, provide the highest quality educational experience to all and therefore PCCOER is one of the best Mechanical engineering colleges. On the closing note, it could be cited that - "Destiny is not a matter of chance, it is a matter of choice; it is not a thing to be waited for, it is a thing to be achieved."

### **Our Aim is to:**

- ▶ To develop high quality technical and scientific manpower to meet the challenges of fiercely competitive environment.
- ▶ To become world-class learning centre with excellence in education and research conjugated with vibrant environment for holding the extra and co-curricular skills of stakeholders.
- ▶ To encourage the learning and creative community to promote the development and usage of applications for betterment of society.

### **Vision:**

To be a premier Department of Mechanical Engineering and Research to serve the need of society and all stakeholders.

### **Mission:**

Mechanical Department provide state of art facility to impart Quality education. Department undertake various value added and add on courses to Make student technically sound and thorough profession. Department collaborates with the industries and academia and strive hard to transform the research and innovative aptitude Among the students and facilities for social cause with high oral and ethical values.

*The attendance scene here is very hectic but the faculty is very experienced and helpful.(Aditya Deshpande)*

# DEPARTMENT OF TRAINING AND PLACEMENT

**Prof. Shitalkumar Rawandale**

Dean, Industry Institute Interaction,  
Pimpri Chinchwad Education Trust (PCET)  
President, Maharashtra T. P. O. Association

**E-mail:** [s.rawandale@gmail.com](mailto:s.rawandale@gmail.com)

**Prof. Shreedhar Sharnappa**

TPO, PCET's PCCOE&R, Ravet, Pune

**E-mail:** [shreedhar.sharanappa@gmail.com](mailto:shreedhar.sharanappa@gmail.com)

We, at PCET's PCCOE&R try to connect with as many companies as possible for placement of students. The T&P cell keeps on inviting various companies and reputed firms for campus recruitment. It modules the engineering grades to young corporals. The cell is sensitized to function all through the year towards generating placement and training opportunities for the students. It gives us immense pleasure to shape our students career life by giving them the opportunity to get placed in reputed industries.

We believe that the backbone of T&P Cell is our student volunteers of T&P Cell who work very hard with full enthusiasm to conduct the recruitment drives smoothly.

All the students recruited from PCET's PCCOE&R, Ravet, Pune have proved to be a great asset to all the companies' organizations they joined. We have witnessed these students achieve great heights in their life from Astronauts to CEO's to Entrepreneurs. I am certain that our present graduates would maintain the same level of performance and prove to be a great asset to their recruiting organizations companies. Also to mention, we have left no stone unturned to groom our students, not only in their chosen discipline, but also broaden their mindsets and create positive attitudes thus equipping them with all qualities to make them an asset to whichever institute organization they may join.

*I will say this is best college I have ever seen Here we get personal attention from teachers Every lecture you miss there's a message to your parents (Atharva Gharbude)*
